

design services

Eat Out Cornwall offers the following complementary services and support for your business.

WEBSITE DESIGN

Eat Out Cornwall provide a complete professional Website Design service specifically for the restaurant, hospitality and food industry. Focusing on this sector allows us to deliver solutions cost effectively whilst providing the

advanced facilities your type of business requires on the web. Our complete range of services and solutions include:

- Professional Web Design
- Website Content Management

- Domain Name Registration
- Web Hosting at www.yourname.co.uk
- E-mail e.g. info@yourname.co.uk
- Website Search Engine Optimisation
- Web Site Promotion

- Regular Web Site Updates
- Fixed Price Packages
- Web Statistics
- Design Options

PHOTOGRAPHY

Our photography covers traditional services such as the professional photographs of your business. This may include internal and external shots. We also specialise in photographic images of sample dishes.

The photography service also includes image production to create 360 degree rotating images for electronic media or virtual tours.

Video production is also provided to help present your business using various media and delivery methods.

DESIGN & PRINT SERVICES

The Eat Out Cornwall printing service fully integrates into the design and photography service. The design artwork is taken and produced into high quality printed collateral. This includes the following products:

- Brochures
- Cards (business card or post card size)
- Menus
- Letterheads
- Compliment Slips

To continue your consistent theme, Eat Out Cornwall can also produce branded electronic stationary. This means anything you produce on your own computer will use a standard template with the same look and feel as your hard copy

material. This may include letters, bills or electronic mails.

MULTIMEDIA PROMOTIONS

Eat Out Cornwall provide a comprehensive range of virtual tour facilities for your web site. Make your site come to life with interactive on line tours of your facility. Provide your Internet visitors with feature rich content

that will make them stay longer and fully appreciate the surroundings of your establishment. Differentiate the presentation of your business from the crowds.

Eat Out Cornwall have an entry point offering giving a simple 360 degree visual that rotates continuously. Enhanced solutions provide a comprehensive, interactive virtual tour.

360 DEGREE PANORAMIC VIRTUAL TOURS

Eat Out Cornwall aims to fill the need for a different kind of photography for websites, conventional images serve websites well, but a new, more dynamic service is required to make websites stand out from the

crowd, 360 degree photography delivers that.

As professional photographers we continue to expand our use of 360 degree imagery because we believe passionately that our clients want

to show their Restaurants, Hotels and Venues at their very best to the very people that matter, the customer, because they know that such visual images are powerful tools for the on-line visitor to explore.

design services

Eat Out Cornwall offers the following complementary services and support for your business.

WEBSITE SERVICES

Hosting is where your web site "lives" allowing it to be delivered over the Internet for your customers to see and use.

This is an important decision to ensure your web site is delivered

reliably and effectively. There are many sub standard hosting services available in the market place.

Eat Out Cornwall has employed its 30 years of experience in IT infrastructure to select the

appropriate hosting services for our customers. There are many factors to consider for hosting. The capabilities of the hosting services we have selected are amongst the best in the industry.

SIGNAGE

Eat Out Cornwall integrates the production of signage for your business. Once again this fully integrates into the photography and design service. This delivers a consistent theme based on a single set of designs. Such an approach

reduces the amount of time you need to spend on getting things done.

You don't need to concern yourself about the ownership of artwork for different parts of your promotional

collateral. Eat Out Cornwall manages this for you.

- Cut Lettering
- Logos
- Vehicle Livery
- Magnetic Signs

- Banners
- Restaurant Frontage
- 'A' Boards
- Plastic Lettering
- Acrylic Lettering

GRAPHIC DESIGN SERVICES

Eat Out Cornwall provides a professional Design & Photography service specifically designed to support the Restaurant & Hospitality Sector. Design and Photography sits at the heart of the overall Eat Out Marketing

service. From the initial design and photography work all other services integrate the results. This allows you to have a single design activity that will result in the efficient and cost effective production of all you business

media and collateral. You do not have to co-ordinate a disjointed programme of work to introduce a new theme into your business.

Our highly skilled design services will take your ideas, analyse the

photography and review current collateral. From this we will design a theme to present your business. This may include the creation of a brand and logo's to present a professional image for your business.

INTERIOR DESIGN SERVICES

From designing and implementing an idea you may have to expert brainstorming and consultation on the best ways to address your needs, we can offer a friendly, innovative, and flexible service to help you achieve your goals.

DESIGN
Eat Out Cornwall can provide a comprehensive package, offering a full design service from consultation through to the delivery of the final product, covering the following areas:

- Business sector requirement
- Consultation
- Conceptualizing
- Visualization
- Specifications
- Supporting software skills

- PROJECT MANAGEMENT**
Some of the services we offer are:
- Project planning
 - Managing the project team
 - Overseeing & checking progress
 - Co-ordinating installation
 - Completing the project

CONTRACT FURNISHING

Eat Out Cornwall can arrange a "one Stop Shop" for the hospitality industry across the Cornwall.

We can arrange the supply of contract furniture, beds and linens, soft furnishings, signs and displays

to hotels, pubs, clubs, restaurants and cafes.

We can source a large range of contract furniture including tables, dining chairs, high stools, beds and bedroom furniture along with all

you need for your outdoor areas.

We can provide an interior design service, draw scale plans and layouts or just advise on your ideas being put into practice. We can arrange finance for your

contract furniture project, simply email your requirements or give us a call for more information.
